## Class 2 Newsletter

Dear Parent/Guardian,

Happy New Year! Mrs Morgan and I would like to say a huge thank you for the lovely gifts we received before the holidays. We hope you all had a restful break and a lovely time with your families. The children have come back to school with lots of enthusiasm and we are looking forward to learning about **Africa** this term.

### PE

This term PE lessons will be on a **Tuesday** and **Thursday**. Please ensure that PE kits are fully labelled and in school on these days.

### Reading

The children have settled well into Year 2 routines and are now changing their books independently. **Reading 4 times a week** will continue to be rewarded with an effort mark and diaries will be checked every Monday morning.

### Spellings

The children have really impressed me with their spelling scores in the Autumn term and it is wonderful to see these spellings being applied during independent writing activities. Spellings will continue to be tested on a **Monday morning** and new spellings sent home on the same day.

### Maths Packs

Maths packs will be collected in every other Monday (dates are in the back of the orange books). They will be handed back the following day with new games/activities to complete. This term the children will be focussing on multiplication/division and fractions.

### Twitter

Remember to check the Hartwell twitter site for photos/news of exciting learning experiences in Class 2.

I look forward to another exciting and productive term with your child. If you have any questions or concerns do pop in and discuss them with me.

Yours sincerely,

Miss Bland
