Covid-19 Update (2nd Edition)

Dear Parents,

As the day unfolds more and more information, advice and direction is coming into school. I thank you for your continued response at this challenging time and that you are understanding as we respond as the situation continues to unfold.

Self-Isolation

- If anyone in the household has any new symptoms of a persistent cough and/or a temperature of 37.8 degrees or above, the entire household is to self-isolate for a period of 14 days. Children cannot return to school before the end of the 14 days under any circumstance.
- Of course the self-isolation rules also apply to our staff team, so we can expect to see disruption in staffing too as the virus continues to spread nationally.
- If your child/ren are in self-isolation, we will email you a home learning pack, including answers, directly to you via Parentmail; there are also some new web links on the [‘Useful Links’](#) page of our website to check out.

Disruption to General School Life

We are working very hard to keep things as ‘normal’ as we possibly can for the children, whilst taking the precautions that are necessary. Please note that:

- Clubs will continue as normal, with the exception of Gardening Club. We have asked that Football, Rugby, Netball and Basketball give additional consideration to minimising opportunities for contact.
- All non-essential face-to-face meetings and training have been postponed.
- We have shared our expectations of precautionary measures with all outside providers that we use.
- All offsite events have been cancelled for at least the rest of this term, this includes going to Church and offsite sporting events.

Yours sincerely,

Mrs Jamie Pardon
