National Safer Internet Day

Tuesday 11th February was National Safer Internet Day. This year's focus was named #freetobeme; which was all about exploring online identity. Throughout the week in lessons and in assemblies our children have learned at an age appropriate level all about this.

The learning focused on being a responsible online citizen just in the same way we are in everyday life. This has been linked with our school Christian values of Respect, Trust and Well-being.

We want all our children to have access to all the wonderful opportunities the online world has to offer and therefore need to equip them (and ourselves) how to do this in the safest, most respectful way, possible.

Coronavirus - COVID-19

On a daily basis we are hearing about the Coronavirus in the media. The NHS are prepared and have clear and practical advice to follow. This [link](#) will take you to the NHS advice; on that page is also a link to gov.uk which details their preparation and planned response.
