Road Safety Week Update

For this Road Safety Week, during assembly the children have had the opportunity to think about and learn how they can cross roads and keep themselves as safe as they can near roads.

It was pleasing the knowledge that children already had and collectively they came up with a huge list of things that need to be considered near roads. We decided it was a good idea to share what we came up with:

- Look both ways before crossing the road
- Keep looking both ways as you cross the road
- Always be listening
- If there is a pedestrian crossing, use it!
- Walk when crossing the road, if you run, you might trip
- Get off your bike/scooter to cross the road
- Be as visible as possible - avoid crossing on a bend or near parked vehicles
- Remove headphones (you need to hear the road!)
- Remove your hood (if your hood is up, it is harder to look from side to side)
- Put your phone away before crossing the road
- Hold onto your ball when near roads
- Check driveways before you step in front of them

Please remember the Road Safety message:

'Stop, Look, Listen, Think'
