

Online music activities and resources suitable for primary age children

The following list of online activities and resources has been compiled by NMPAT primary classroom teachers. The list aims to support both staff working informally in schools and parents working with their children at home, signposting both resources and engaging activities that encourage participation and musical thinking.

Orchestra interactive websites for children:

San Francisco Symphony Orchestra: <http://www.sfskids.org/>

SFSKids includes: a fun and playful series of educational modules presented as immersive environments and using animal avatars as guides; the ability to explore various linkages between composers, instruments and music compositions; interactive online tutorials to learn about music basics; the opportunity for users to compose and notate their own original music; and much more.

Dallas Symphony Orchestra: <https://www.mydso.com/dso-kids>

The site features games, listen and learn, and various teacher resources, from the Dallas Symphony Orchestra.

New York Philharmonic Orchestra: <https://nyphilkids.org/>

Great graphics and fun games (like the clarinet scavenger hunt) make this New York Philharmonic website great, especially for instrumental students.

London Symphony Orchestra <https://play.lso.co.uk/performances/Ravels-Bolero>

A video performance of Ravel's Bolero in which the listener can experience the orchestra from multiple points of view
