

Year 4 - Autumn Term 2020 Long Term Map

Explore Stone Age artefacts. What can we deduce from them? Pose further qs to explore during the term. Have room set out like a cave (dark, 'fire' on the board, cave paintings). What would it have been like to live here? Touch on things that changed in the time period we are looking at.

Create a time travel documentary about the change through the different periods.

HISTORY

How did life change from the Stone Age to the Iron Age?
What impact have these civilisations had on our lifetime?

ART

Cave paintings from the Stone Age.
Construct an Iron Age Hillfort.

LITERACY

Instructional Writing
Setting description
Newspaper report
Alternative Ending

FROM ROCK TO HEAVY METAL

SCIENCE

Animals, including humans
(Teeth, digestive system, food chains)

NUMERACY

Place value
Addition
Subtraction
Multiplication
Division
Measure - converting
