

4<sup>th</sup> May 2022

Dear parents/carers,

This term at Hartwell we are going to be doing some work as a whole school to improve our ‘Science Capital’. This refers to the children’s understanding of how Science is involved in their everyday life.

To support us with this, we are looking for parents, carers, family members, friends or colleagues to come into school to participate in a teacher-supported assembly, or to record themselves discussing their work if they work in an industry linked to Science. This could be from working in a laboratory, in the medical industry or even working with animals and making a difference to their lives.

If this is something that you would be interested in doing to support our ‘Science Capital’ term, then please contact Mr Mallard at [smallard@hartwell.school](mailto:smallard@hartwell.school) for more information.

Many thanks.

Mr Mallard
