Class 4: Leo—for a great week of maths learning

Class 5: Levi—for always putting 100% into all of his learning

Class 6: Lucy—for always working hard and participating well in all learning

### Parent Governor Election

From today until 9am on Friday 12th February voting is open for our parent governor election. Full details have been sent to parents by ParentMail, including the candidates' statements and the independently managed email address where you can cast your vote to.

Please can I urge every parent to vote. The role of parent governor is such an important role in the strategic leadership of our school. Parent governors bring a parental perspective to all matters of running the school which is vital when considering how every decision impacts on our children and school community.

### Exercise Books

Please remember that should your child need exercise books to complete their remote learning in, help yourself from the box in the entry area at the front of school.

### Children's Mental Health Week

This week has been Children's Mental Health week, which seems even more poignant at this moment in time.

This week, we have been thinking about the theme of 'expressing ourselves' in a number of ways. By 'expressing yourself' we can support our children (and us) having positive mental health and managing our feelings and emotions effectively.

If you feel that your child is struggling with poor levels of mental health and wellbeing at the moment, CAMHS (Children and Adolescent Mental Health Services) have a service to support and advise parents: <https://www.nhft.nhs.uk/camhslive>
