

### **Pupil Achievements**

#### **Stars of the Week**

Class R: Freddie—for making sure his works shows his new learning

Class 1: Ethan—for working hard across the curriculum and being a good learner

Class 2: Jenson—for impressive maths work

Class 3: Jasmine—for her super attitude to school work and life

Class 5: Frankie—for having a fantastic attitude to her learning

Class 6: Daniel—for being hardworking, a thoughtful problem-solver and kind

### **School Meals—ABM Catering Update**

Our caterers have made us aware, that they are beginning to be impacted by the national supply issue. Luckily, so far we have not been effected, however, I do need to make you aware that if there is an issue with supplies, due to availability or delivery, menu items may see last minute changes with little or no notice. We will always ensure that your child has a well balanced meal and notify parents if there have been given something different from the menu item ordered. Thank you for your understanding.

### **COVID-19 Update**

Since September, the expectations of schools have changed in relation to COVID-19. Restrictions around movement, gatherings and bubbles have gone, whilst increased ventilation and hygiene measures remain.

Schools are also no longer expected to carry out contact tracing, this is now only done by the NHS Test and Trace. Classes do not close/isolate if there is a positive case/s in the class.

If positive cases reach 10% of children, pupils, students or staff who are likely to have mixed closely test positive for COVID-19 within a 10-day period, measures are likely to be reintroduced for a period of time. Any measures taken would be under Public Health advice. If any measures were reintroduced, I would notify parents of this.

The advice remains that if your child has any of the symptoms of COVID-19, they should be taken for a PCR test. Any child isolating either because they are awaiting a PCR result or have had a PCR result some back as positive will be provided with remote learning as long as they are well enough to complete it.

For full details of when to self isolate and how [click here](#).

**Thank you for all the help on Saturday for tidying up our gardens with us—they are coming along really well. More bark and another skip are on the way!**
