### **Planned Building Improvements at our School!**

Scaffolding will be going up at school on Wednesday 24th November and the roof works will begin after that as soon as the scaffolding is up.

During the roof works, staff will not have access to the car park. The Community Centre have kindly given permission for school staff and roofing contractors to park in the car park at the Community Centre. Some staff will also be parking on Hillside and on School Lane. With this in mind, I am very conscious of the possible increased congestion and the potential hazard this may cause.

It would be really helpful, if it is possible for our families to walk to and from school during this time of building works, I would be extremely grateful, as I'm sure the residents of Hillside and School Lane will be too.

As always, I appreciate your continued support of our school.

### **The Work of the Ethos Team**

Our school's Ethos Team, led by Katharine Banham-Hall, work to provide opportunities for our children's ongoing spiritual development, whether this be through faith or not. ### **Archway Trust—Tea, Toast, Talk and Toys**

It's great to have the Archway Trust back in school on a Monday from school drop off until 10am. Fi and the team are looking forward to welcoming parents (and grandparents) with pre-schoolers and babies.

There is no expectation to stay for the whole session: you will be greeted with a friendly welcome and some warm toast. Entry to the session is through the door just by the veggie patch.
