Heating Works

You may have spotted that in our car park we have a works compound back! This is because the second part of our school conditions improvement works has started. Over Easter, the team from PCI made good headway on the project which will recommence the week that Years 5 & 6 are in the Isle of Wight. At this point, the heating will be turned off so let's hope that we won't need it! The project is due to be completed, including any decorating to 'make good', by mid-August.

It is with sadness that I need to let you know that Miss Goodman is leaving our school at the end of this school year as she is moving to Cornwall. We wish her well on her new adventure!
